Itinerant Teaching: Tricks Of The Trade For Teachers Of Students With Visual Impairments

Synopsis

If you're an itinerant teacher of visually impaired students who is always on the move handling a substantial caseload, and providing services all over the map to students of different ages with different needs this is the book for you. Consider it your personal mentor to help you make the most of your day and manage the entire school year. It's a practical, must-have guide to efficiently organizing materials and times, scheduling and programming events and activities, working in teams, traveling, negotiating varying school environments, dealing with diverse caseloads in essence, providing every possible tip and technique, strategy, and short-cut for staying in control of your ever-changing itinerant life. This completely updated second edition contains new sections on: Young children and children with multiple disabilities, orientation and mobility, assistive technology, and stress management.

Customer Reviews

I like this book, but it is for more beginners. I found that I was already doing a version of just about every trick that show. I would have loved to have had it as a new teacher though. I don't mind having bought it because I can loan it out and it supports their efforts. Itinerant teaching is so tricky and anyone attempting to make it a bit easier is always appreciated.

Instructor decided to use next course not this course but I am keeping as a resource guide.

Great book and must for itinerant teachers.
