The outlines describe principles of substantive law, which most often govern the correct answer to most questions on each section of the MBE:Â ^~TM^ Constitutional lawÂ ^~TM^ Contract lawÂ ^~TM^ Criminal lawÂ ^~TM^ EvidenceÂ ^~TM^ Property lawÂ ^~TM^ Tort lawÂ ^~TM^ Federal jurisdictionÂ ^ Students should learn these important principles of governing law to be able to determine the answer to the questions on the exam, because knowing these principles helps choose the correct answer among tough choices and pass the MBE.

This book condenses the material in an orderly and easy to understand format. Great coverage of the topics and distinctions are made between similar concepts. Much better prepared for the exam. My roommate used the book last year with high praise. He passed and credits this book with his results. I feel prepared from suing this book. Would recommend it to anyone actively preparing for the bar or to prepared for exams during law school. This book is that good.

Well written. Great review for the MBE topics. Feel much more confident. My roommate from last year used the book for the bar (she passed) and she recommended it to me. I have a solid grasp on important concepts after using this book. Recommend it as a foundation to any bar prep.

Took the bar last July and happy to report that I passed. I used the Sterling Prep MBE Essentials book and found it extremely helpful. It helped me organize the concepts by substantive topics. The text was easy to understand and had sufficient detail without extraneous content. It covered all the important concepts. A few of my classmates had the book and we formed a study group that met every other day to prepare for the big day. The book really helped us organize the material and offered meaningful content that helped us get ready for the bar exam. Great results for each of use. Yes, law school is behind us...

Substantive law is covered completely and concisely. It is a great resource to prepare for the bar. We had a study group that used this book to focus our sessions together. We all passed the bar and I know this book helped us both stay focused and to extract (and learn) important concepts. Nice to have it all in a single location. This book really helped me know the material for exam day.

Great content review for the MBE. I attribute this book's review of substantive law to focus me and to give me the edge for the bar. So happy to pass the bar and having confidence as I took the exam. I know that I would do well having mastered the material in this book.

Great prep for the bar exam. Very helpful to synthesize concepts from substantive classes. Allowed me to distinguish between similar concepts.

Very clear streamlined outline of the major legal concepts of governing law for the MBE. It helped me review and refresh the concepts that were covered in class and clarify some items that were not very clear. I can highly recommend it for the MBE review.

The material in this book gave me the edge on the bar. I felt very confident going into the exam after learning and reviewing the content in the book. It has all the material required for the MBE and is well written and spot on. This exam is too high stakes to not be fully prepared. Glad I used this book to outline my studying. Active studying is much better than nervous fretting. This book was the bedrock

for my passing the bar on the first try.
